

Publication of lectures on BIB-OPUS

The lectures held at the 7. Bibliothekskongress (108. Deutscher Bibliothekartag) will also be published on the online publication server of the Berufsverband Information Bibliothek (BIB) as it has been in the past. In general the abstracts of the lectures are already uploaded onto BIB-OPUS. We have to complete the pdf-file with your presentation slides. Regarding this issue we kindly ask you for some further information in the attached form.

Libraries and Librarians support open access to publications in various ways. Therefore BID consider themselves obliged to promote this strategy with the publications of their congresses/meetings and recommend using the **creative commons license CC BY** (<https://creativecommons.org/licenses/by/4.0/>).

Thank you very much for your help and your contribution!
